

Guide for custom or pre-designed creative hoarding installation

Guide for custom or pre-designed creative hoarding installation

1. Consider viewing where appropriate
2. Include health and safety and hazards near entrances
3. Provide wayfinding where appropriate
4. Cluster corporate info and logos at hoardings ends
5. Consider installing artworks on gates more than 8m wide
6. Top board and kickboard can be flat black or a complementary colour
7. Artwork can be installed in the interior of a pedestrian gantry
8. For best effect, print to the full height of the panel, excluding kickboards
9. Artwork can be optional on gates less than 8m
10. Artwork can be considered on containers where they form part of the hoarding line
