About this form

This form is for an application for a **permitted boundary activity** under **section 87BA** of the Resource Management Act 1991.

A permitted boundary activity is an exemption from resource consent for a proposal that meets all of the following requirements:

- The only District Plan rules infringed are **boundary rules**
- None of the infringed boundaries is a public boundary (i.e. road, railway, river, reserve or other publicly owned land)
- Written approval has been obtained from the owners of all adjoining properties with infringed boundaries.

A **boundary rule** is “a rule relating to the distance between a structure and one or more boundaries of an allotment, or the dimensions of a structure in relation to its distance from one or more boundaries of an allotment.”

Boundary rules in the Christchurch District Plan include built form standards on daylight recession planes, some internal boundary setbacks, and rules controlling the length of a building relative to the boundary. (Note: Setbacks from zone boundaries, rail corridors and other publicly owned land are not boundary rules.)

Information requirements

The application must be accompanied by a description of the proposed activity and plans that show the boundary rule infringements and include sufficient information to confirm that no other District Plan rules are breached. A written approval form and signed plans from all owners of allotments with infringed boundaries must also be provided.

There is no ability for the Council to put this type of application on hold for further information, so if any of the necessary information is missing the application will be returned to you. It would then need to be resubmitted with all of the required information before a written notice permitting your activity can be provided.

Written confirmation that the proposal is a permitted boundary activity will be issued within 10 working days of a complete application being submitted and the fee paid.

Fees

A deposit (minimum application fee) is required to be paid before processing will commence (refer Resource Management [Fee Schedule](#)). An invoice will be issued when the application has been received.

Other approvals

A permitted boundary activity does not require resource consent under the District Plan. However if the activity is occurring on land that may be contaminated (HAIL land), resource consent may still be required under the National Environment Standard for Assessing and Managing Contaminants in Soil to Protect Human Health.

You are also likely to require a building consent under the Building Act 2004. This must be applied for separately. Depending on the nature of your proposed activity, other consents or licences may also be required under such legislation as the Health Act 1956 and the Sale of Liquor Act 1989.

1. Pre-application discussions

Have you had a pre-application meeting or discussions with any Council staff about this proposal?

Yes

No

If yes, what was the name of the planner or other staff member(s)?

7. Description and plans of the proposed activity

(a) Describe the **proposed activity** to be carried out on the site (e.g. to build a new dwelling with attached garage).

(b) List the **boundary rule(s)** in the Christchurch District Plan that is/are infringed by the proposed activity.

Note: The definition of "boundary rule" is included on page 1. Where the infringement occurs at the corner of a site, every boundary that intersects with that point of the corner is an infringed boundary. If the boundary forms part of a private way, the infringed boundary is the boundary on the opposite side of the private way.

(c) **Plans and other supporting information**

- I have attached the following information:
- A **site plan, elevation drawings and floor plan** of all structures to be built or altered, identifying the boundary rule infringements and showing compliance with all other relevant built form rules in the District Plan.
 - Any **information** necessary to confirm compliance with other relevant rules in the District Plan.

Note: The information must be in sufficient detail for the Council to be satisfied that the proposed activity is a boundary activity that it complies with all other rules in the District Plan. The plans must also be sufficiently clear and detailed to ensure that the neighbour(s) providing written approval know what they are agreeing to. All plans must be drawn to scale.

8. Written approval from owners of properties with an infringed boundary

11. Declaration

I have completed all relevant sections of this form and I understand that my application may be returned as incomplete if it does not include all of the relevant information.

I understand that the fees paid on lodgement **are a deposit only**, and that the Council will invoice all costs actually and reasonably incurred in processing this application.

All of the information provided with this application is, to the best of my knowledge, true and correct. I understand that all information submitted as part of an application is required to be kept available for public record, therefore the public (including business organisations, media and other units of the Council) may view this application, once submitted. It may also be made available to the public on the Council's website. If there is commercially sensitive information in your application please let us know. If you would like to request access to, or correction of, your details, please contact the Council.

Signature of Applicant (or person authorised to sign on behalf of applicant):

Date Name

If you are signing this application on behalf of a company/trust/other entity (the applicant), you are declaring that you are duly authorised to sign on behalf of the applicant to make such an application.

12. Fee information

The required deposit (Minimum Application Fee) must be paid before processing of the application will start. A further invoice will be issued when the processing of this application has been completed if the cost of processing it exceeds the deposit paid. If the cost of processing the application is less than the deposit a refund will be issued to the **person who paid the fee**.

Where the application fee is to be charged to an **account holder** no deposit is required. Instead the actual fees will be invoiced on completion of processing.

The costs incurred in receiving and checking incomplete applications are invoiced to the applicant. To avoid delays and cost please ensure that you submit a complete application.

The Resource Management Fees Schedule can be viewed at: <https://ccc.govt.nz/consents-and-licences/resource-consents/resource-management-fees/>

DEBT RECOVERY – Where an invoiced amount has not been paid by the stated due date, the Council may commence debt recovery action. The Council reserves the right to charge interest, payable from the date the debt became due, and recover costs incurred in pursuing recovery to the debt.

DEVELOPMENT CONTRIBUTIONS – Your development, if granted, may also incur development contributions under the Local Government Act 2002 in accordance with the Council's Development Contributions Policy. Any development contributions payable will be invoiced to the applicant.

13. Checksheet for plan content

This checksheet has been produced to assist you in the preparation and lodgement of your application. The provision of correct and accurate information will ensure that delays are kept to a minimum. Please complete all sections using **Y** where the information is provided, or **N** where the information is not relevant to your proposal.

Note: This checksheet is general in nature and does not cover all rules in the District Plan. Please check with a planner at the Council if you are unsure of the information requirements for your particular application.
