

Land Drainage Recovery Programme

Reducing the risk of flooding throughout Christchurch City

Dudley Creek/St Albans Creek/Shirley Stream Work Notice

13 December 2017

Holiday period update This notice is to tell you what to expect in your local area over the holiday period. Detailed work notices are delivered to nearby properties when there are changes to traffic management or there is new work that is noisy, dusty or likely to cause vibrations.

Roads opening for Christmas

The **north end of Stapletons Road** will open for two way traffic and pedestrians (currently one way southbound). In the New Year it will return to one way.

Stapletons Road will open for two way traffic and pedestrians between Averill St and Dudley Street. (Currently closed). In the New Year there will be further work.

Petrie Street will open for two way traffic and pedestrians. (Currently closed). In the New Year it will stay open.

Medway Street between Flesher Ave and River Road will open. (Currently closed). In the New Year this will stay open but with no right turn onto River Road.

Road closed at Christmas

Slater Street will remain closed between Guild Street and Dudley Street.

What to expect.

- Where roads open for the holidays they will have temporary chip seal. Please drive to the conditions.
- Pedestrians may have to cross the road to complete their journey.
- Pumps will be turned off over Christmas and the areas dewatered again in the New Year.
- If it rains the creek and Slater Street culvert may fill with rain. This is normal.
- Our Compounds and stock piles will be sprayed with polymer to reduce dust.
- Exposed banks will be covered.
- New plants and trees will be watered taking into account any watering restrictions.

We are taking a break over the holiday period. Our worksites will close on **22 December** and re-open the week of **8 January 2018**

If you have concerns during the holiday please call Christchurch City Council on **(03) 941 8999**.
