

A helpful guide to alternative waste recycling services

This guide provides alternative waste recycling services for many household items which can only be put in the Red Wheelie Bin. In Christchurch there are several alternative waste recycling services that accept household items such as steel pots, kitchen appliances, unwanted clothing, curtains, bricks and electronics free of charge. Other service providers are available at a cost and can be found on the internet or Yellow Pages.

For more information please contact the service provider directly or visit their website.
