

Christchurch City Council

Electing the Mayor

Blair ANDERSON

Another Mildgreen Initiative

My principal place of residence is in the Christchurch City Council area.

Smart City, Clever People.

Fourth tilt Mayoralty candidate and experienced public advocate for enabled health promotion, fiscal responsibility, education, growth management, traffic and transportation, public safety, community wellbeing. Leadership in innovative thinking especially around urban enhancement and social capital.

A bottom up approach to whole of city restorative processes with transparency and accountability. see <http://blairformayor.blogspot.com>

Bringing Science, Technology and Evidence to Public Policy addressing air quality, climate mitigation, alcohol and other drugs, energy efficiency and more, such that the ChCh PRESS said of your mayoral candidate in 2007, brings a bewildering array of science and social knowledge to the table.

Lead proponent of Barkerton Park, a rejuvenate rates neutral project of local, regional and national importance to wellbeing and social capital. Google it!
