

Christchurch City Council Fendalton-Waimairi Community Board Electing 5 Board Members

Bridget WILLIAMS

iCitz - Independent Citizens

My principal place of residence is in the Fendalton-Waimairi Community Board area.

Being a fifth generation Cantabrian, I have lived in the area all my 20 years and have immense pride for my city. With my experience as President of the Student Volunteer Army, it seems a natural step to apply my passion and commitment to the community. My studies-Law, Political Science and Classics-have taught me the importance of acknowledging the past, having a focus for the future, while making a difference in the present.

I believe I can make a change where it counts, whether it be maximising creativity, encouraging local talent or putting your values into action. My age is not an obstruction; it is actually an advantage as I will naturally bring a youth perspective. I have the energy and enthusiasm to uphold and support your opinions. Allow me to represent you so together we can flourish fresh development, respect tradition while embracing community compassion.
