

# Christchurch City Council

## Shirley-Papanui Ward

### Electing 2 Councillors

---

#### **Ngaire BUTTON**

Independent - City 1st - No Party Politics

*My principal place of residence is in the Shirley-Papanui Ward area.*

I have served nine years in local government, the past three as Deputy Mayor during an exceptionally challenging period for any council. I believe the next council term will be one of the most important in

Christchurch's history as the rebuild progresses.

I was born in Christchurch, I have raised my family, developed and grown a successful business and served my community here. I am determined to keep advocating for our city because I care about our people, our communities, and our future.

I believe we are recovering well post disaster however we still face significant challenges going forward.

Housing availability, employment for our young people, including graduates, and rebuilding community facilities will need experienced councillors who can work co-operatively alongside new team members.

It's been a privilege to serve as Deputy Mayor, please support me with your vote. Vote unity, vote No Party Politics, vote Ngaire Button
