*My principal place of residence is not in the Spreydon-Heathcote Ward area.*

Spreydon/Heathcote is an area of Christchurch with attitude and I love it. However it needs revitalising with positive energy around the council table. I believe in strong leadership and clear separation between governance and management. When elected I'll be a visible presence bringing experience, clear thinking and objectivity to the critical tasks ahead. In the drive to create a new Christchurch, Spreydon/Heathcote must not be forgotten. Our ward has goals, values and issues that need a strong voice at council. I'm passionate about being that voice; giving our community strength and independence. My vision for council is financial stability, solid business practice giving people confidence we're doing the right thing for our ward and greater Christchurch. A Social Services manager I bring a unique combination of local government, governance and business experience supported by a depth of community understanding within this ward to crafting a proud future for Christchurch.
