

## **CHRISTCHURCH CITY COUNCIL- RESTRICTED ROADS REGISTER (FOR STOCK MOVEMENTS)**

This register is associated with, but is not part of, the Christchurch City Council Stock on Roads Bylaw 2017. It lists roads, sections of road, or categories of road that have been resolved by the Council under clause 5(A)(2) of the Stock on Roads Bylaw 2017.

Restricted Roads are roads that are associated with higher risks for the movement of stock.

### Introduction

Movement of stock along or across some roads requires special consideration and the management of different risks. If farmers want to move stock along or across these roads, they need to apply to the Council for an assessment, in accordance with clause 5(C) of the bylaw.

Assessments will be carried out by the Traffic Operations Team, with input from the Christchurch Transport Operations Centre (CTOC). The Council may decide to:

- authorise the movement of stock in accordance with a permit, or in accordance with a permit and an approved Traffic Management Plan; or
- decline the application, in which case alternative means for transporting the stock that does not affect the road must be considered, such as transporting the animals by vehicle.

*Explanatory note: Where roads are controlled by more than one authority, e.g. roads that cross district boundaries, discussions will be undertaken with the other responsible council. Similarly, discussions will be had with NZTA, where necessary, where roads adjoin the state highway network.*

### **Restricted Roads**

The following roads, sections of road, or categories of road are Restricted Roads for the movement of stock:

#### **Category of road: Roads within Christchurch wards**

- All roads in all wards in the district, other than roads in Banks Peninsula ward.

*Explanatory note: Rather than having a detailed list of all roads surrounding Christchurch, all roads in all wards (other than roads in Banks Peninsula ward) have been resolved as Restricted Roads.*

#### **Category of road: Roads within built-up areas / towns / settlements**

- Any road within an area that could reasonably be described as being part of a city, town or settlement.

#### **Category of road: Designated tourist routes**

- Summit Road, from State Highway 75 to Long Bay Road
- Long Bay Road, from Summit Road to State Highway 75

#### **Specified roads: Rural roads, or parts of rural roads**
