Operations

1 Please comment on the ways in which you believe the Sale and Supply of Alcohol Act 2012 is, or is not, achieving its objective. Note: the objective of the Sale and Supply of Alcohol Act 2012 is that: A) The sale, supply, and consumption of alcohol should be undertaken safely and responsibly; and B) The harm caused by the excessive or inappropriate consumption of alcohol should be minimised.

report:

I believe the object of the act is being achieved. I have seen nothing to suggest otherwise. The Act allows Public and Tri Agency objections to be heard in relation to any licence applications where the object of the act may be in question. The Act also allows for the Tri Agencies to investigate any complaints, breaches or noncompliance of the Act where the object of the act is questioned.

2 What changes or trends in licensing have you seen since the Act came into force?

report:

There is a steady number of public objections particularly in relation to off-licence applications.
There has been an increase in outdoor events in Christchurch where Special Licenses are required.

3 What changes to practices and procedures under the Act (if any) would you find beneficial?

report:

Changes to the delivery time for those who hold Off Licenses and remote sales. Delivery time should coincide with the closing time of the premises.

Last Step

1 Please provide to ARLA@justice.govt.nz a separate detailed list of the names, addresses and types of licenced premises currently operating in your licensing district as prescribed in s 65(1) of the Act.
