f. What appropriate systems, staff and training does/will the applicant have in place to ensure compliance with the law?

to ensure compliance the law, we will implement:

2. staff: most of the staff is certified under LCQ which ensures they understand the sales and supply of alcohol act. And a duty manager will always be present to oversee alcohol sales and ensure compliance.

g. what are the current and possible future noise levels and how does the applicant intend to mitigate them?

as a cafe that primarily sells coffee, the current noise levels are relatively low during regular operating hours, noise come from general cafe activity, such as conversation, coffee machines, and background music. however, there may be some noise during busier time, such as lunch time or when we will hosting special events like evening tapas. the future noises level can potential be the social interactions and background music during later hours.

h. What are the current and possible future levels of nuisance and vandalism and how does the applicant intend to mitigate them?

currently, nuisance and vandalism levels are low at the cafe, with occasional minor disturbances. however, with future plans for evenings tapas and alcohol service, risk like loitering, noise, and vandalism could increase. to mitigate this, we have the CCTV 24 hours and we will improve outdoor lighting, build relationships with the community and law enforcement and enforcing a code of conduct for customers and train staff to manage disruptions. These measures will help us to maintain a safe respectful environment.

- i. What other licensed premises are there in the vicinity of this proposed premises? And, will the granting of this licence contribute to an increase in alcohol related problems in the area? (Explain)

the cafe's responsible approach to alcohol service and its focus on food and coffee make it unlikely to contribute significantly to an increase in alcohol-related issues in the area.

In the area, other licensed premises may include bars, restaurants, and bottle shop. The cafe's focus on coffee, with alcohol as a secondary offering, and its controlled environment with strict policies, make it unlikely to increase alcohol-related problems. Its moderate hours and responsible service will complement the existing local venues rather than contribute to additional issues.

- j. What is the land near the proposed premises being used for? Will the granting of a licence for your premises impact on changing neighbouring land use? If so, in what way?

The land near the café is likely used for a mix of commercial, residential, and public spaces. Granting the café a license is unlikely to significantly impact neighboring land use, as the café primarily serves coffee with alcohol as a secondary offering. It is expected to complement existing businesses and will not alter the character of the area or encourage changes in neighboring land use.
