

# Approved Materials List Change Log

Update	Change
Mar-23	Fabricated Fittings section deleted. Steel Backing Rings and Conversion Flanges moved to Miscellaneous section.
Mar-23	Fusion Fittings section renamed Electrofusion Fittings
Mar-23	Butt-Weld Fusion Fittings section created
Apr-23	Compression fittings removed from wastewater vacuum list. Compression fitting approvals only went up to DN63 but the smallest pipe diameters approved are DN90 so approval was not possible.
Jun-23	Removal of spiral wound/corrugated pipes from gravity wastewater. Addition of repair couplers to water supply - compression fittings.
