- Fallen Boulders (20130422)
- Cliff edge, July 2011
- Address Number** Address Point
-  Extent Of PHGG Study Area
-  Property Boundary
-  Bluff Talus (20130422)
-  Bluff Insitu (20130422)
-  Bluff Envelope (20130422)

Boulder locations are within approximately 10 metres.

Some boulders may have moved since being recorded, and additional boulders may have fallen.

Some locations represent clusters of boulders. Labels indicate the number of boulders at these locations.

Locations exclude cliff collapse and mass land movement effects.
