

Thistledown Reserve Restoration Project 2020

The Estuary Trust is excited to work together with the City Council Park Rangers and local residents to restore this little wetland gem containing freshwater springs to its pre-Earthquake glory for both birds, fish and people to enjoy.

But we need your help!
Can you spare the occasional Saturday morning?

No need to book, just be there 😊

Tasks include planting, pruning, weeding and mulching. Tools and gloves will be provided but please wear sneakers or gumboots as there are several muddy and wet areas we will be working in.

For more information please contact Tanya Jenkins at tanya.jenkins.nz@gmail.com

Thistledown Reserve restoration dates 2020		
Meet at the end of Thistledown Place (off Hargood Street)
