

Land Drainage Recovery Programme

Reducing the risk of flooding throughout Christchurch City

Dudley Creek Overview Notice

NORTH PARADE CLOSURE - ACCESS TO AVERILL STREET

Access to Averill Street - between Chrystal Street and Stapletons Road

- A work notice for the closure of North Parade was distributed to Richmond residents in the last 10 days.
- We have had enquiries about the traffic management on Averill Street, and would like to provide further clarification on resident access.
- This work has started on Wednesday 10 May and will take about 8 weeks to complete.

Averill St Access - Residents between Stapletons Rd and Chrystal St:

Access will be from Stapletons Road between North Avon Road and Averill Street or via Petrie Street (north of Averill Street). See map 1 over the page.

Averill St Access - Residents between and Chrystal St and North Parade:

Access will be from North Parade (north of Averill Street) and Chrystal Street from North Avon Road. See map 1 over the page.

Why is there a no entry on Averill Street?

- There is a no entry on Averill Street at the Chrystal Street intersection. This is necessary to help direct southbound traffic along the Chrystal Street detour while North Parade is closed. Eastbound access to the detour route from Averill Street has also been stopped as the detour route from Averill Street to North Avon Road is going to be very busy. The additional traffic entering onto the detour route here would cause additional delays and increase the risk to motorists.
- Cars travelling east on Averill Street from Stapletons Road, can only go as far as the road closure at the Chrystal Street intersection.
- Cars travelling west on Averill Street from North Parade, can only get as far as Chrystal Street intersection.
- All Averill Street residents will have driveway access.
