

# Christchurch City Council

## Electing the Mayor

---

---

### **Tubby HANSEN**

Economic Euthentic's

My principal place of residence is in the Christchurch City Council area. I am also standing for the Spreydon Ward of the Spreydon-Cashmere Community Board and the Canterbury District Health Board.

Economic is to do with business and trade, while Euthenics is the science of the improvement of living standards (Chambers Shorter English Dictionary 1962 Edition).

The fairest way to stop house prices rising is to restrict house prices to government valuation, which is every five years, and a 1/5 increase only allowed compounding in the time between valuations. This city's dreadful smoking and drinking problems suppliers wealth for legal denial could be weakened by a price freeze on suppliers, more tax, and a penalty extra tax surcharge annually on shares and on profits.

Refinance the city's debt over 130 years, as time goes by repayments will become smaller. A bus shelter at every permanent bus stop, all done now, old stops to be left for old folk on a walk and young mothers.

More housing for single people and single parents.
