**Natalie BRYDEN**

The People's Choice - Labour

My principal place of residence is in the Hornby Ward of the Halswell-Hornby-Riccarton Community Board area.

I am looking for re-election for the Hornby Ward Community Board.

I want to hear your views on the new South West Leisure centre and how to make this a great asset for our community. It will be fantastic for all our residents and in particular our younger people to have access to swimming facilities.

We need to make certain residents get a great centre and that costs are kept down.

I also intend to keep a watchful eye on the proliferation of liquor outlets.

Hornby also has a very high percentage of liquor outlets and we must make certain that the community is listened to on this issue.

I have represented this area for the last seven years. I have a good understanding of what Hornby people want and what the community needs and want to keep advocating for Hornby's needs. Natalie Bryden
