 3 Caution must be taken in interpreting this result due to small sample size (n=5)

1 This score is based on an average of range of sport support facilities, sports park condition and information provided for sports parks
 2 This score is based on a single 'understanding of Council decision making' question. If three questions are aggregated to calculate the overall understanding score (as is the case for LOS 4.1.18) (a. understanding of how Council makes decisions, b. accuracy of information about Council decisions, and c. prompt and timely information about decisions), the satisfaction score would drop to 37% in 2018-2019, 32% in 2017-2018, 43% in 2016-2017 and 38% in 2015-2016
 3 From 2016-2017 onward, this measure includes both Bus Interchange and suburban hubs
 4 If the 2017-18 level of service target was applied to the 2018-19 result, would the service have passed the 2017-18 target?
