

Christchurch City Council Burwood-Pegasus Community Board Electing 5 Board Members

Alistair Savai'i KNEWSTUBB

The People's Choice - Labour

My principal place of residence is in the Burwood-Pegasus Community Board area.

I was born in the Burwood-Pegasus Ward and have lived here ever since. I attended South New Brighton School and then Linwood College. I am now studying Philosophy, Political Science and Psychology at the

University of Canterbury. This community has given much to me and has much to offer our future generations.

It should be a priority of local government to assist local communities to participate in democratic decision-making. I will work hard to empower people to make decisions for their own communities and futures. I will do my best to make sure that the Community Board makes all important decisions in open meetings.

With Samoan, European and British parentage, I have great enthusiasm for supporting multicultural activities and events. I am committed to listening carefully to the views of the groups and individuals to enable me to represent the people of Burwood-Pegasus effectively.
