

Christchurch City Council
Wairewa Subdivision of the Akaroa-Wairewa
Community Board
Electing 2 Board Members

Bryan MORGAN

Independent

My principal place of residence is in the Wairewa Subdivision of the Akaroa-Wairewa Community Board area.

I have 15 years experience of representing the Wairewa district on the Community Board. During this time I have served two terms as Chair and been involved in district plan reviews, resource consent hearings and many of the decision making processes that , although small in scale,can make a big difference at a local level.

While over 15 years I have become more cynical about the motivations of a few, I still hold a great respect for the wishes of the many and greatly oppose decision making to silence the squeaky wheel, If I don't agree with your message, saying it louder and longer will not make me change my mind, you will need some good reasoning in support.

I would like to be involved in finishing the birdlings flat community rooms and local walkway projects that have been started and need the local finishing touch.
