Thanks for your votes at 2010 Election, when I work at Gas New Brighton-Bexley.

The business destroyed by the 4th of September 2010 earthquake. The result makes change whole my life. Everybody has been serious stress from earthquakes that still are not clearly completed yet. When I met well-known people on the work, street, they are all ways so friendly touch a heart. However, everybody said that they still heavy stressed from a processing stage.

Serious earthquake victims has been tested me included you. We are not crying any more and changing our life style to strong recovery mode. That's why I need your Approval Vote to solving our serious major controversial issues.

When I look at sky when I work on the road, on the roof, on a hilltop that I reckon, the sky was clear blue as like our furthers.

Let's make our Burwood/Pegasus community happy all together!
