

Change Register

Updated 26 August 2016

The Change Register is a volume of amendments to the Plan introduced by proposed Plan Changes notified after the date on which the Plan became operative.

Any Plan provisions affected by proposed Plan Changes are annotated with (Plan Change No.) with a link to the Change Register.

The actual amendments to the City Plan text or maps are shown in the Change Register under the appropriate Plan Change number. There is also the address of the Council's website where the full Plan Change documents and other supporting information are available.

Once the Plan Change becomes operative, the City Plan provisions will be amended accordingly, and the Change will then be deleted from the Change Register. It will be recorded in the list of Operative Plan Changes incorporated into the Plan in the table below.

Plan Change	Description	Operative Date
