Good morning Lloyds

At the Board's 4 August meeting the Board minuted:

14.1 Proposed District Plan Change 4 – Short Term Accommodation

The Board discussed the Council's memorandum to the Proposed District Plan Change 4 – Short Term Accommodation Hearing Panel seeking a change to the directions in the Hearing Panel's Minutes 3 and 5 concerning the content of the Council's amended section 42A report and the content of the submitters' evidence in response and the Panels Minute 6 giving submitters an opportunity to comment on the request.

The Board agreed to support the Council's proposed direction that allow the new Planner engaged by Council to amend the s42a report where his/her expert opinion differs from that of the original report writer.
