Chapter 14 Residential

14.2 Objectives and Policies

14.2.1 Objective - Housing supply

14.2.1.1 Policy - Housing distribution and density

Table 14.2.1.1a

Residential Guest Visitor Accommodation Zone	Comprises a number of sites situated in residential locations that were previously either zoned or scheduled for guest visitor accommodation purposes in earlier district plans and continue to be used for guest visitor accommodation . The zone provides for the ongoing operation, intensification or redevelopment of these established activities, compatible with the character and amenity of adjoining residential zones.
---	---

14.2.1.2 Policy - Establishment of new medium density residential areas

(...)

- a. Provide for medium density residential development in defined arterial locations identified as suitable for larger scale **community facilities** and **guest visitor accommodation**.

14.2.6 Objective - Non-residential activities

- a. **Residential activities** remain the dominant activity in residential zones, whilst also recognising the need to:
 - i. provide for **community facilities** and **home occupations** which by their nature and character typically need to be located in residential zones; ~~and~~
 - ii. **provide for visitor accommodation in accordance with Objective 14.2.9 and Policies 14.2.9.1 to 14.2.9.4; and**
 - iii. restrict other non-residential activities, unless the activity has a strategic or operational need to locate within a residential zone, ~~or is existing guest accommodation on defined sites.~~

Note: this objective and its subsequent policies do not apply to **brownfield sites**.

14.2.6.3 Policy - Existing non-residential activities

- a. Enable existing non-residential activities to continue and support their redevelopment and expansion provided they do not:
 - i. have a significant adverse effect on the character and amenity of residential zones; or
 - ii. undermine the potential for residential development consistent with the zone descriptions in Table 14.2.1.1a.

Advice Notes: Note:

1. This policy also implements Objective 14.2.4.
2. **Policy 14.2.6.3 does not apply to visitor accommodation. Refer to Objective 14.2.9 and Policies 14.2.9.1 to 14.2.9.4 for the relevant provisions.**

14.2.6.4 Policy - Other non-residential activities

- a. Restrict the establishment of other non-residential activities, especially those of a commercial or industrial nature, unless the activity has a strategic or operational need to locate within a residential zone, and the effects of such activities on the character and amenity of residential zones are insignificant.

Advice Note: Policy 14.2.6.4 does not apply to visitor accommodation. Refer to Objective 14.2.9 and Policies 14.2.9.1 to 14.2.9.4 for the relevant provisions.

14.2.6.7 Policy – Guest accommodation

~~a. In the Accommodation and Community Facilities Overlay, provide for guest accommodation within defined arterial locations that:~~

- ~~i. are within walking distance of the Central City and suburban commercial centres;~~
- ~~ii. front onto core public transport routes; and~~
- ~~iii. are not dominated by residential development.~~

~~b. In the Residential Guest Accommodation Zone, provide for the ongoing operation, intensification or redevelopment of existing guest accommodation sites, compatible with the character and amenity of adjoining residential zones.~~

14.2.9 Objective - Visitor Accommodation in Residential Zones

a. Visitors and other persons requiring short-term lodging have a broad choice of types and locations that meet their needs where **that use is compatible with:**

- ~~i. this is compatible with the function and level of amenity intended for the zone; and~~
- ~~ii. the use of any residential unit is still predominantly a residential activity, and the residential character of the site is retained~~
- i. residential activity being the predominant activity on sites and the residential character being maintained, with minimal disturbance to neighbours, and.

~~b. Visitor accommodation is only established in residential zones (except for the Residential Visitor Accommodation Zone and Accommodation and Community Facilities Overlay) where it of a scale and character that is consistent with meeting objectives for:~~

- ~~i. a sufficient supply of housing, including affordable housing, with a choice of locations including an increase in the number of households within the Four Avenues;~~
- ~~ii. a revitalised Central City with a wide diversity and concentration of activities that enhance its role as the primary focus of the City and region;~~
- ~~iii. enabling the revitalising of commercial centres;~~
- ~~iv. ii. protecting strategic infrastructure from incompatible activities and avoiding reverse~~

~~sensitivity effects on them; and~~

~~v. iii high quality residential neighbourhoods with a high level of amenity.~~

~~b. Visitor accommodation in the Residential Visitor Accommodation Zone and Accommodation and Community Facilities Overlay can establish, operate, intensify and/or redevelop in a way that is compatible with the character and amenity of adjoining residential, rural or open space zones; and does not expand the activity outside of the existing zone or overlay area into other non-commercial zones.~~

14.2.9.1 Policy – Visitor Accommodation in a Residential Unit

a. Permit **visitor accommodation in a residential unit** where:

- i. at least one permanent resident of the site is in residence for the duration of the stay;

- ii. the number of visitors, including additional guests not spending the night, is comparable to use by a residential household; and
 - iii. disturbance to neighbours is minimal.
- b. Manage visitor accommodation in a residential unit where a permanent resident(s) is not in residence to minimise ensure adverse effects on the residential character, coherence and amenity of the site and its immediate surroundings are minimised including through:
- i. restrictions on controlling the scale, duration and frequency and extent of use to ensure that the residential unit is still predominantly used for a residential activity; and
 - ii. management of operations to minimise disturbance of neighbours, including providing contact and site management information to guests and neighbours.
- c. Avoid visitor accommodation in a residential unit at a scale duration and/or frequency or extent that cannot be managed in a way that minimises adverse effects on commercial centres or the is inconsistent with:
- i. retaining predominantly residential character, coherence and amenity of the site and its immediate surroundings; or
 - ii. minimising the risk of disturbing neighbours; or
 - iii. protecting strategic infrastructure from reverse sensitivity effects.
- ~~ii. having regard to the cumulative effects of visitor accommodation and other non-residential activities offered in the same commercial centre catchment, would be inconsistent with the centre-based framework for commercial activities in Objective 15.2.2; or~~
- ~~iii. that would be likely to give rise to reverse sensitivity effects on strategic infrastructure.~~

14.2.9.2 Policy – Existing Visitor Accommodation

- a. In the Residential Visitor Accommodation Zone, provide for the ongoing operation, intensification or redevelopment of existing visitor accommodation sites, compatible with the character and amenity of adjoining residential zones.

14.2.9.3 Policy – Visitor Accommodation in Defined Arterial Locations

- a. In the Accommodation and Community Facilities Overlay, provide for visitor accommodation within defined arterial locations that:
 - i. are within walking distance of the Central City and suburban commercial centres;
 - ii. front onto core public transport routes; and
 - iii. are not dominated by residential development.

14.2.9.4 Policy – Other Visitor Accommodation in Residential Zones

- a. Visitor accommodation not provided for in Policies 14.2.9.1-14.2.9.3 shall not locate in residential zones, except where the activity provides for the ongoing use of a heritage item consistent with Policy 9.3.2.2.3 and adverse amenity impacts on residential neighbours can also be minimised.

14.3 How to interpret and apply the rules

- a. The rules that apply to activities in the various residential zones are contained in the activity status tables (including activity specific standards) and built form standards in:
 - i. Rule 14.4 – Residential Suburban Zone and Residential Suburban Density Transition Zone;
 - ii. Rule 14.5 – Residential Medium Density Zone;
 - iii. Rule 14.6 – Residential Central City Zone;
 - iv. Rule 14.7 – Residential Hills Zone;
 - v. Rule 14.8 – Residential Banks Peninsula Zone;
 - vi. Rule 14.9 – Residential Large Lot Zone;
 - vii. Rule 14.10 – Residential Small Settlement Zone;
 - viii. Rule 14.11 – Residential **Guest Visitor** Accommodation Zone;
 - ix. Rule 14.12 – Residential New Neighbourhood Zone;
 - x. Rule 14.15 - Rules - Matters of control and discretion.
- b. In relation to the Residential **Guest Visitor** Accommodation Zone, each site has been grouped into Group A, B and C sites in Appendix 14.16.11, depending on its residential context. For any activities (other than **guest visitor accommodation** (P1) and permitted activities on the YMCA site (P3)), the applicable rules for permitted and restricted discretionary activities are those that apply in the zone listed for that site in Appendix 14.16.11, including activity specific standards, built form standards and matters of discretion.
