### Consultation Document Submissions

**Provision:**

**Oppose**

**Decision Requested:**

We have been farming in the area for ninety years and run a Hereford stud next to the proposed development we do not want to run out by increasing rates. Our animals are of exceptional quality and calf once a year. My concern is with the increased foot traffic they will have no privacy to do what they do naturally. Proper farming is a delicate operation. These two business men are in for a pound with promises attached that are broken. Let my son do what New Zealand wants has been praised for he loves his animals and they are more important than 800 houses and noise that really will impact my brother sister myself and my son's passion.

**Reason for Decision Requested:**

**Specific Provisions**

Increased population impacting on our business. The heavy vehicles will shake the surrounding houses and make life difficult. I could continue but my emotions will impact the validation of the above points. Please this development is an absolute disaster on the ecology of this area and I strongly advise you to look into this development thoroughly.

**Reasons**

Stewage The developer plans to hook up to the Spencerville/Kainga system however it doesn't have the capacity for an extra 800 houses. Drainage this new development will have negative impact on the water table e.g. the Spencer drain which flows into the Styx river making the surrounding farmland greatly impacted by excess water levels Roaring the I increased number of cars etc on a very narrow Spencerville Road the road won't take the increase of at least 650 vehicles a day.
