IN THE MATTER

of an application by
CANTERBURY A & P ASSOCIATION for an On-site special licence pursuant to s.138 of the Act in respect of premises situated at **Canterbury Park A & P Showgrounds, 102 Curletts Road, Christchurch.**

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION 'ON THE PAPERS'

This application is an Onsite special licence in relation to the Christchurch A & P Show which will be held at Canterbury Park A & P Showgrounds between the 11th and 13th of November 2015, inclusive. It is anticipated that approximately 100,000 people will attend over the course of the event.

The applicant has applied to run three separate on licensed sites at the show.

1/ The 'Tui Baa Baa Bar'. Supervised designation. (This differs from what was originally sought on the application but has been asked to be amended.)

2/ Member's marquee. Undesignated

3/ Public Café. Undesignated.

Different hours are sought for the three areas.

The applicant has contracted out the key function of catering and bar management and have selected contractors who they believe are capable of running the sites well. Security will be employed at the 'Baa Baa'.

Certified managers will be at each site to oversee the sale and consumption of alcohol. A comprehensive 'Alcohol Management Plan' (AMP) has been provided with the application. The AMP shall be read as conditions of the licence and shall be adhered to at all times.

It is noted that in the 'AMP' at section 3 (The Tui Baa Baa Bar) there is an outline of roles and responsibilities regarding managing patrons and bar service. The applicant needs to be aware that the role of overseeing bar service, and managing patrons, goes

hand in hand and that the on duty manager should be actively involved in the running of the bar and should not be serving behind the bar. The manager should be actively monitoring the whole bar and is legally responsible for any breaches of the Sale and Supply of Alcohol Act 2012.

The event is advertised as a family day and as such it is not anticipated that there will be issues. The event has been run by the same people for many years with few issues.

Food will be available from a range of stalls as well as at each licensed site. Water and non-alcoholic beverages will be available onsite. Qualified managers will be onsite to oversee the sale and supply of alcohol.

There are a number of other on and off special licenced sites within the show.

No matters have been raised in opposition in any reports as required by section 141(1), accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s.142 of the Act and I grant the applicant a special licence pursuant to s.104(1).

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

MINUTE

This is an application by **The Rockpool Limited** for a new On-Licence in respect of premises situated at **85 Hereford Street, Christchurch**, known as 'The Rockpool' it was received by the Christchurch District Licensing Committee on the 30th of July 2015.

The general nature of the premise is that of a Tavern.

This is an existing premises which has held an On-licence for some considerable time. The applicant has been in the industry for many years.

The reason for the new licence application was that a new company has been formed to operate the premises.

The new Sale and Supply of Alcohol Act 2012 at section 202(1) gives the District Licensing Committee the authority if there are no objections to either grant the application on the papers or convene a public hearing to consider the application.

At section 117(1) of the Act the Licensing Committee may issue any licence subject to any reasonable conditions not inconsistent with the Act.

I am of a mind to grant the application but am considering placing additional conditions on the licence which have not been suggested by the agencies, or the applicant.

This is a high risk premise. There is a history of alcohol related issues at the premises as documented in both the Medical Officer of Health's, and Police report.

The renewal application for the underlying licence was going to be opposed by the Police.

There have been issues with intoxication and poor management of the premises whilst operating under the Temporary Authority to such an extent that the reporting agencies originally opposed the application and sought an extended time to monitor the premises before reporting on the application.

After a meeting between the agencies and the applicant the applicant produced a 'Rockpool Hazard Management Reduction Plan'. The plan is a start but in my view a much more comprehensive plan is required.

Notwithstanding the withdrawal of the opposition from the Police and Medical Officer of Health, and an improvement of the management of the premises, it would seem prudent to place conditions on the new licence which encourage the applicant to take seriously the issues and to put in place some measures which should help create a more robust management structure.

I am proposing to place three additional conditions on the licence.

1/ The applicant shall within 3 months of the granting of a licence complete a comprehensive staff training manual.

2/ The applicant shall within 3 months of the granting of a licence complete a comprehensive Alcohol Management Plan.

3/ The applicant shall within 3 months of the granting of a licence complete a Crime Prevention Through Environmental Design (CPTED) audit of the premises and also the immediate area surrounding the premises (100m radius). A report shall be compiled outlining the results of the audit.

The manual, plan and audit report shall be furnished to the Committee, and all three agencies.

The applicant may respond to this minute giving their view on these conditions and whether they have matters to raise in relation to them. If the applicant has concerns regarding any of the conditions as specified above then a public hearing may be convened.

A response to the minute is required within 7 working days. If no response is received by the Committee within this timeframe then a public hearing may be convened.

DECISION 'ON THE PAPERS'

This is an application for a Temporary Authority made under section 136 of The Act in respect of premises known as 'Salt on the Pier' and trading under ON- license number 060/ON/185/2015.

We are satisfied as to the matters we must have regard to as set out in section 136 of The Act.

The applicant's attention is drawn to section 136(5) of The Act where it states that they carry "the same duties, obligations, and liabilities as the holder of the on-license" and

also to section 110(2)C) of The Act in relation to the condition of the license that “drinking water is to be freely available to customers while the premises are open for business”.

The duration of the Temporary Authority shall be no more than 3 months from the date of the decision or when a substantive licence is issued, whichever occurs first.

EDRICK AND BEVERLEY DAWN
REINKE** for the renewal of an ON-
Licence pursuant to s.127 of the
Act in respect of premises situated
at **62 Creyke Road,
Christchurch** known as
“Academy Motor Lodge”.

BEFORE THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Carmen Edrick and Beverley Dawn Reinke** for the renewal of the On-Licence in respect of premises situated at **397 Ilam Road, Christchurch** known as **‘The Academy Motor Lodge’**.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

The general nature of the premise is that of a Restaurant.

The premises is a motor lodge situated opposite Canterbury University and in a predominantly residential neighbourhood. The main business is accommodation but there is a restaurant onsite, which is the only licensed area.

At present the restaurant is closed due to building work and extension that is yet to be completed. The applicant expects work to begin in approximately 12 to 18 months.

The licence therefore could not issue until all building matters have been completed.

The Alcohol Licensing Inspector recommends that a decision is issued but that the licence is not issued until all building work is completed and inspected. I agree with this course of action.

The resource consent for the new restaurant extensions has reduced the hours of operation from a 1.00am finish to an 11.00pm finish. The licence hours must therefore be reduced on the licence.

A new mandatory condition under s.110(2)(c) of the Act requiring the licensee to have free drinking water available with information that this will be freely available to customers while the premises are open for business must be applied to the renewed licence.

The Inspector raises the issue of the Default National Trading Hours, s.43 of the Act, and the changes that must be made to licences at renewal if they are not compliant. The only change to the hours is the start of trade on each day shall be 8.00am.

The applicant is reminded of the revised conditions that now applies to restaurant under section 47(3) restriction of trading hours for on-licences, for the sale and supply of alcohol on ANZAC Day morning, Good Friday, Easter Sunday, and Christmas Day.

No matters have been raised in opposition in any reports as required by section 129 accordingly I deal with the matter on the papers.

of an application by **THE ROCKPOOL LIMITED** for an ON-Licence pursuant to s.99 of the Act in respect of premises situated at **85 Hereford Street, Christchurch**, known as 'The Rockpool'.

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

MINUTE

This is an application by **The Rockpool Limited** for a new On-Licence in respect of premises situated at **85 Hereford Street, Christchurch**, known as 'The Rockpool' it was received by the Christchurch District Licensing Committee on the 30th of July 2015.

The general nature of the premise is that of a Tavern.

This is an existing premises which has held an On-licence for some considerable time. The applicant has been in the industry for many years.

The reason for the new licence application was that a new company has been formed to operate the premises.

The new Sale and Supply of Alcohol Act 2012 at section 202(1) gives the District Licensing Committee the authority if there are no objections to either grant the application on the papers or convene a public hearing to consider the application.

At section 117(1) of the Act the Licensing Committee may issue any licence subject to any reasonable conditions not inconsistent with the Act.

I am of a mind to grant the application but am considering placing additional conditions on the licence which have not been suggested by the agencies, or the applicant.

This is a high risk premise. There is a history of alcohol related issues at the premises as documented in both the Medical Officer of Health's, and Police report.

The renewal application for the underlying licence was going to be opposed by the Police.

There have been issues with intoxication and poor management of the premises whilst operating under the Temporary Authority to such an extent that the reporting agencies originally opposed the application and sought an extended time to monitor the premises before reporting on the application.

After a meeting between the agencies and the applicant the applicant produced a 'Rockpool Hazard Management Reduction Plan'. The plan is a start but in my view a much more comprehensive plan is required.

Notwithstanding the withdrawal of the opposition from the Police and Medical Officer of Health, and an improvement of the management of the premises, it would seem prudent to place conditions on the new licence which encourage the applicant to take seriously the issues and to put in place some measures which should help create a more robust management structure.

I am proposing to place three additional conditions on the licence.

1/ The applicant shall within 3 months of the granting of a licence complete a comprehensive staff training manual.

2/ The applicant shall within 3 months of the granting of a licence complete a comprehensive Alcohol Management Plan.

3/ The applicant shall within 3 months of the granting of a licence complete a Crime Prevention Through Environmental Design (CPTED) audit of the premises and also the immediate area surrounding the premises (100m radius). A report shall be compiled outlining the results of the audit.

The manual, plan and audit report shall be furnished to the Committee, and all three agencies.

The applicant may respond to this minute giving their view on these conditions and whether they have matters to raise in relation to them. If the applicant has concerns regarding any of the conditions as specified above then a public hearing may be convened.

A response to the minute is required within 7 working days. If no response is received by the Committee within this timeframe then a public hearing may be convened.

of an application by **VERDA LIMA LIMITED** for the renewal of an ON-Licence pursuant to s.127 of the Act in respect of premises situated at **77 Stevens Street, Christchurch** known as "**Alvarados**".

THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Verda Lima Limited** for the renewal of the On-Licence in respect of premises situated at **77 Stevens Street, Christchurch** known as '**Alvarados**'.

The general nature of the premise is that of a Tavern.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

No matters have been raised in opposition in any reports as required by section 129 accordingly I deal with the matter on the papers.

In the report of the Alcohol Licensing Inspector she raises one incident in 2013 where intoxicated patrons were located on the premises and drug use evident in the carpark. This was discussed with the licensee and has been remedied. The Inspector reports that there has been no further incidents reported.

A menu and Host Responsibility Policy were included on the file.

The Inspector raises the issue of the Default National Trading Hours, s.43 of the Act, and the changes that must be made to licences at renewal if they are not compliant. The only change to the hours is the start of trade on each day shall be 8.00am.

The Inspector also raises the issue of the mandatory condition under s.110(2)(c) of the Act requiring the licensee to have free drinking water available with information that this will be freely available to customers while the premises are open for business.

The applicant is reminded of the revised conditions that now applies to on-licenses under section 47(3) restriction of trading hours for on-licenses, for the sale and supply of alcohol on ANZAC Day morning, Good Friday, Easter Sunday, and Christmas Day.

I am satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and the renewal is granted for a period of 3 years pursuant to s.130.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

ON Licence.

- (a) No Alcohol is to be sold on the premises on Good Friday, Easter Sunday, Christmas Day, or before 1pm on ANZAC Day to any person who is not present on the premises to dine;**

EDRICK AND BEVERLEY DAWN
REINKE** for the renewal of an ON-
Licence pursuant to s.127 of the
Act in respect of premises situated
at **62 Creyke Road,
Christchurch** known as
“Academy Motor Lodge”.

BEFORE THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Carmen Edrick and Beverley Dawn Reinke** for the renewal of the On-Licence in respect of premises situated at **397 Ilam Road, Christchurch** known as **‘The Academy Motor Lodge’**.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

The general nature of the premise is that of a Restaurant.

The premises is a motor lodge situated opposite Canterbury University and in a predominantly residential neighbourhood. The main business is accommodation but there is a restaurant onsite, which is the only licensed area.

At present the restaurant is closed due to building work and extension that is yet to be completed. The applicant expects work to begin in approximately 12 to 18 months.

The licence therefore could not issue until all building matters have been completed.

The Alcohol Licensing Inspector recommends that a decision is issued but that the licence is not issued until all building work is completed and inspected. I agree with this course of action.

The resource consent for the new restaurant extensions has reduced the hours of operation from a 1.00am finish to an 11.00pm finish. The licence hours must therefore be reduced on the licence.

A new mandatory condition under s.110(2)(c) of the Act requiring the licensee to have free drinking water available with information that this will be freely available to customers while the premises are open for business must be applied to the renewed licence.

The Inspector raises the issue of the Default National Trading Hours, s.43 of the Act, and the changes that must be made to licences at renewal if they are not compliant. The only change to the hours is the start of trade on each day shall be 8.00am.

The applicant is reminded of the revised conditions that now applies to restaurant under section 47(3) restriction of trading hours for on-licences, for the sale and supply of alcohol on ANZAC Day morning, Good Friday, Easter Sunday, and Christmas Day.

No matters have been raised in opposition in any reports as required by section 129 accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s.105 and 106 of the Act and the renewal is granted for a period of 3 years pursuant to s.130 **subject to the licence not being issued before confirmation that Certificate of Compliance has been issued and all matters under the Building Act are complied with and the Alcohol Licensing Inspector has made a final inspection of the premises.**

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 110 (2)

The following conditions are compulsory:

- (a) No Alcohol is to be sold on the premises on Good Friday, Easter Sunday, Christmas Day, or before 1pm on ANZAC Day to any person who is not -

Discretionary conditions – section 110 (1)

DECISION ON THE PAPERS

This is an application by **Host Investments Limited** for a new On-Licence in respect of premises situated at **110 Riccarton Road, Christchurch**, and to be known as '**Host**'.

The general nature of the premise is that of a tavern. It will trade as a karaoke bar but will offer restaurant food as well as takeaway meals.

The premise is situated in a retail area of Riccarton Road and the applicant seeks conditions consistent with other on-licences in the area.

The Police originally opposed the application as the building has not been completed but have withdrawn this with an undertaking for them to be allowed to view the premises before it is opened. If there are any concerns they are to raise this with the Inspector who can furnish another report to the Committee. Therefore as no matters have been raised in opposition in any reports as required by section 103 I deal with the matter on the papers.

The report of the Alcohol Licensing Inspector stated, "Applications for karaoke restaurants/bars to sell alcohol are viewed with some concern by the agencies and have, in the past, been high risk and caused problems. The applicant is aware of this. In this instance the applicant has allayed the concerns of the agencies by providing a full application with alcohol management plan and being open with the agencies as to his plans. The applicant is reminded that this premises will require a high level of management".

After discussions with the agencies the applicant has amended the trading hours requested from 8.00am to 3.00am to 8.00am to 2.00am.

The applicant has sought a supervised designation from 9.00pm, until then it shall be undesignated. The applicant must be vigilant to make sure that unaccompanied minors do not enter the premises after 9.00pm.

No issues have been raised by the agencies in regards to sections 105 of the Act.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

I am are satisfied as to the matters to which must have regard as set out in s.105 and 106 of the Act and I grant the licence for a period of 1 year pursuant to s.104 **subject to the licence not being issued before confirmation that Certificate of Compliance has been issued and all matters under the Building Act are complied with and the appointment of at least two more duty managers as well as confirmation from the Police that they are happy with the fit-out.**

DECISION 'ON THE PAPERS'

This is an application by **Rangi Ruru Girls School** for an On-site special licence for the premises at **59 Hewitts Road, Christchurch**, known as **Rangi Ruru Girls School** to hold a Fund Raising Dinner – Rangi Ruru Rowing Supporters – New Season.

The dinner will take place in the schools function centre on Sunday 22 November 2015 from 5.30pm to 9.30pm. It is expected that approximately 150 adults and girls over 14 years of age will attend the event.

A manager will oversee the sale and supply of alcohol. There is no designation sought for the area.

No matters have been raised in opposition by the police or the Inspector in any reports as required by section 141(1).

The Medical Officer of health has written a report opposing the application. In his report he made the comments:

“The position of the Medical Officer of Health remains the same as that presented to the Christchurch District Licensing Committee in respect of recent applications in which special licences were granted”.

“The Ministry of Education has issued a letter outlining guidance on alcohol at school fundraisers. The letter outlines that whilst schools are self-governing, it recommends alcohol should only be at adult fundraisers. The letter points out that it is important that schools are encouraged to set positive examples and avoid alcohol use around children”

The main component of the opposition of the Medical Officer of Health appears founded upon the fact that the application offends against the object of the Act in that any drinking by

an adult within view of a child increases the risk of alcohol related harm later in life, especially in a school setting.

This was traversed in the opposition to previous applications by the Medical Officer of Health. Given that the Medical Officer of Health has raised no new issues it seems both reasonable and logical to grant the application.

The committee acknowledges the letter referred to from the Ministry of Education and sees this as a positive step.

The granting of the application is by no ways a criticism of the Medical Officer of Health who has the responsibility under the Act to bring matters to the attention of the District Licensing Committees with which they have genuine concerns.

The Inspector makes the point that s. 3(2)(a) of the Act one of the characteristic of the new system is it must be reasonable. The Committee sees this event being no different than parents taken their teenage children to a licensed restaurant. The Committee also believe that an undesignated classification is appropriate given the surroundings and that some students may be with adults who are not their parent or guardian.

We are satisfied as to the matters to which I must have regard as set out in s.142 of the Act and pursuant to s.211(1)(c) the Committees attitude to this application is that it should be granted, We hereby grant the applicant for a special licence pursuant to s.104(1).

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 147(3)

The following conditions are compulsory:

(a) Alcohol may only be sold under the licence only on the following days and during the following hours:

Sunday 22 November 2015 from 5.30pm to 9.30pm

- [5] Mr Matthews is a young man from Ireland, who has been travelling in several countries working in the hospitality industry.
- [6] He is in Christchurch with his partner, and has been working at the Bootleg BBQ Bar for 7 months.
- [7] Mr Matthews submitted his application for a Manager's Certificate without having sat his Licence Controllers Qualification
- [8] He gave evidence that after he completed his application he had an opportunity to work for a time in Canada, so travelled there. He said that he was away from Christchurch, so did not see the need to deal with the Inspector until he returned to Christchurch.
- [9] Mr Matthews has since obtained his Licence Controllers Qualification, although the correspondence confirming this is not yet available to the committee.
- [10] In evidence, Mr Matthews told the committee that his work visa was due to expire in January 2016. He had not yet applied for a visa extension. He was waiting for his partner to apply as she was an engineer. If she got her visa, it would allow him get a work visa as her defacto partner.
- [11] Mr Matthews accepted that he may not get a visa and it might be better to wait until he had a new visa to apply for his Manager's Certificate.
- [12] To questions from the Licensing Inspector, Mr Matthews's knowledge of the Sale and Supply of Alcohol Act was not as good as it should have been.

Decision

- [13] The applicant is able to work now, but may not be able to do so shortly because of his visa status. This was acknowledged by the applicant and he agreed that it might be better to wait until that issue had been resolved before proceeding with this application.
- [14] The correspondence relating to the applicant's qualification was not available to the committee at this time.

[15] The applicant has considerable experience in the hospitality industry, most of which is in other countries. The committee accepts that some of the issues in dealing with alcohol are the same, however New Zealand legislation has a firm focus on the reduction of the harmful effects of excessive or inappropriate consumption of alcohol. The applicant's knowledge of the legislation was not of the level expected.

[16] The Licensing Inspector and Police agreed that an adjournment to allow the applicant time to resolve all outstanding issues with his application would be a suitable course of action.

Conclusion

[17] For the reasons outlined, the committee adjourns the case for 3 months. Once the Inspector has been satisfied that the application is completed with all relevant information required, including the Visa status, then we would be prepared to grant the application on the papers. If necessary, the matter can be brought before this committee for a further public hearing.

IN THE MATTER

of the Sale and Supply of Alcohol
Act 2012

AND

IN THE MATTER

of an application by Daniel Anisi
Tyce for a Manager's Certificate
pursuant to s.212 and 221 of the
Act.

BEFORE THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE:

Chairman : Mr G B Buchanan
Members: Mr P Rogers
Mr D Blackwell (QSM)

Hearing at the Christchurch City Council Chambers, CHRISTCHURCH on the 16th November
2015.

APPEARANCES

Ms J Davidson; Christchurch City Council Licensing Inspector
Sergeant J Harris for NZ Police

APPLICANT

Mr Daniel Anisi Tyce

Introduction

- [1] Mr Tyce works at Metro Café, a licensed premise in Christchurch. He has been employed there for 5 years working mainly as a barista.
- [2] His employers have encouraged him to obtain his Manager's Certificate to enable him to relieve the role of Duty Manager.
- [3] Mr Tyce has three convictions for driving with excess breath alcohol, the most recent being in 2011.
- [4] The Police and the Licensing Inspector oppose the application. They sought a hearing by the Committee to determine the matter.

The Applicant

- [5] Mr Tyce is a young man who has been working at the Metro Café for 5 years. He was honest and candid in his evidence to the committee.
- [6] He gave evidence that the Metro Café did not sell much alcohol and he did not have much to do with the sale of alcohol at the Cafe.
- [7] He told the committee that he did get some experience dealing with the supply of alcohol while working as a waiter for 5 months in the Strawberry Fare Restaurant in 2011.
- [8] Mr Tyce said that at the time he committed his three driving offences he was young and irresponsible and that he had grown up since then and was looking to continue to move his life forward.
- [9] Mr Tyce was supported by his mother who said that he had matured into a reliable and honest person.
- [10] To questions from the Police, Mr Tyce's knowledge of the Sale and Supply of Alcohol Act was not as good as it should have been.

The Police

- [11] The Police gave evidence of the three driving with excess breath alcohol offences the most recent in 2011. Also that Mr Tyce received a formal warning from the police for trespassing into the "red zone" in 2012. Alcohol was a factor in that incident.
- [12] Police submitted that there were no compelling reasons to allow the applicant a Manager's Certificate in light of the Osbourne Case.

Decision

- [13] As a guide for this committee and in order to ensure only suitable applicants are approved a Manager's Certificate, Judge Gatley has given guidance in matters where the applicant has previous convictions. (*G L Osbourne LLA 2388/95*)
 - i. "... it may be helpful if we indicate that we commonly look for a five year period free of any serious conviction or any conviction relating to or involving the abuse of alcohol, or arising in the course of an applicant's duty on licensed premises."
- [14] This case has set the standard in relation to applicants for a Manager's Certificate. It remains important to be consistent in our approach in this regard.

Deejay Enterprises Limited LLA 531-532/97 it was stated:

- a. *“The guiding hand or hands-on operator of any company or the potential holder of a General Manager’s Certificate now receive greater scrutiny from both the Police and other reporting agencies. Character and reputation are closely examined. The law and human desires of patrons frequently tug in different directions. The Police cannot be everywhere. Little but a licensee’s or manager’s character and suitability may stand between upholding the law and turning a blind eye. Self- imposed standards in accordance with the law must be set by licensees and holders of General Manager’s Certificates who control and manage licensed premises.”*

[15] There is insufficient evidence produced to convince us to step outside these guidelines.

[16] Also of concern is the applicant’s lack of experience. In his present role he is not responsible for the sale of alcohol. While he may at times supply the alcohol by delivering the wine or beer to the customer, he needs to be more involved in order to get a better understanding of the responsibilities of a Manager.

[17] As a guide for this committee and in order to ensure only suitable applicants are approved a Manager’s Certificate, Judge Unwin has given some guidance in matters where the applicant has little or no previous experience. (Kin, re (2004) NZLLA 235 (8 April 2004)

.. “[7] ...the issue is whether the authority is prepared to depart from its normal guidelines, and make an exception for Mr and Mrs Kim, particularly in the light of the other good aspects which they bring to the application. And the answer to that must be a firm no.”

[18] This case has set the standard in relation to applicants for a Manager’s Certificate. It remains important we have consistency in our approach in this regard.

Deejay Enterprises Limited LLA 531-532/97 it was stated:

“The guiding hand or hands-on operator of any company or the potential holder of a General Manager’s Certificate now receive greater scrutiny from both the Police and other reporting agencies.

[19] The committee notes the supporting letter from Mr Tyce’s employer and hopes that he can assist him to gain further experience in the sale and supply of alcohol.

[20] The Licensing Inspector and Police agreed that an adjournment to allow the applicant time to gain further experience in the alcohol industry and meet the 5 years stand down required by the Osbourne case would be a suitable course of action.

Conclusion

[21] For the reasons outlined, the committee adjourns the case for 6 months. Once the Inspector has been satisfied that sufficient experience has been obtained, then we would be prepared to grant the application on the papers. If necessary, the matter can be brought before this committee for a further public hearing.

ROCKPOOL LIMITED for an ON-

Act in respect of premises situated

Rockpool'.

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **The Rockpool Limited** for a new On-Licence in respect of premises situated at **85 Hereford Street, Christchurch,** known as '**The Rockpool**'.

The general nature of the premise is that of a Tavern.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

The application arises from the formation of a new company to run an established business. It is currently trading under a Temporary Authority.

The premise is located in an inner city and trades as a bar, restaurant and pool hall.

The director of the applicant company will be hands on in the running of the business. He has experience in the hospitality industry gained over many years.

No other matters have been raised in opposition in any reports as required by section 103 accordingly I deal with the matter on the papers. It must be noted, and will be addressed further in the decision, that both the Police and Medical Officer of Health originally opposed the grant of a licence for the premises.

No opposition has been raised in the final reports of the agencies in regards to sections 105 of the Act, however in their reports the Alcohol licensing Inspector, Police and Medical Officer of Health all raise the fact that when the premises reopened, after being closed due to the earthquakes and was trading under a Temporary Authority, there were a number of significant issues which arose.

A comprehensive three page letter was sent to the applicant by the reporting agencies. The contents outlined the concerns, including the fact that the original renewal was opposed by both the Police and Medical Officer of Health due to intoxication and the impact of the premises on amenity and good order. Police were seeking a further six month period to allow the applicant to demonstrate they could operate within the bounds of the new Act.

The letter went onto outline some of the concerns of the agencies regarding the reopened premise including intoxication and disorder issues. The letter warns the applicant that a significant improvement is required before the agencies could report favourably on the new on-licence application.

A meeting was held between the applicant and two of the agencies on the 10th of August 2015. A “robust and frank” conversation” took place. The applicant stated that they had had issues with the security contractor and that indeed the contractor had abandoned the contract which was in place leaving the applicant exposed. A number of initiatives were suggested by the applicant to help address issues raised by the agencies. These included changes to the music played, enhanced door checks and a new security provider.

Another issue that was raised was that an informal complaint had been received by the agencies about the rubbish associated with ‘side-loading’ in the immediate area around the premises. The applicant undertook to deal with this by including in the duties of security the clean-up of nearby sites.

The agencies monitored the premises, after the new initiatives by the applicant had been put in place, and have found that a “significant improvement in patron behaviour and intoxication was observed”. The opposition was subsequently withdrawn.

In evaluating the application I have noted the concerns of the agencies, notwithstanding the initial opposition was withdrawn, as well as the positive steps that the applicant has taken to address those concerns.

The underlying foundation for any decision must be the criteria as set out in the Act at sections 105 and 106. When these criteria are set against the application the purpose and object of the Act are critical to evaluative process.

To have had issues raised by the agencies at the original renewal and then to have these same issues manifest when the premises re-open shows that there are some systemic issues which need addressing and also brings into question the suitability of the applicant. It appears that the applicant has taken some initial steps to address these issues, intoxication and disorderly behaviour, which is commendable but these steps need to be embedded into the general operation of the premises.

In evaluating the application I have come to the view that there needs to be some conditions placed on the licence which show that the Committee takes the concerns of the agencies seriously and also acknowledges the changes which the applicant has made to help address these issues.

A minute was sent to the applicant outlining the view of the Committee and the conditions being considered. The applicant responded and accepted the conditions.

The conditions shall be;

1/ The applicant shall within 3 months of the granting of a licence complete a comprehensive staff training manual.

2/ The applicant shall within 3 months of the granting of a licence complete a comprehensive Alcohol Management Plan.

3/ The applicant shall within 3 months of the granting of a licence complete a Crime Prevention Through Environmental Design (CPTED) audit of the premises, and also the immediate area surrounding the premises (100m radius). A report shall be compiled outlining the results of the audit.

The manual, plan and audit report shall be furnished to the Committee, and all three agencies.

The conditions are designed to make sure that the Committee, and the applicant, have information that may inform decisions relating to the amenity and good order of the area as well as making sure the training of staff is undertaken in a robust and systematic way. The Alcohol Management Plan should build on the 'Hazard Management Reduction Plan', which the applicant has already completed. These documents should inform management strategies which address key issues in the premises and its surrounds.

I am satisfied as to the matters to which must have regard as set out in s.105 and 106 of the Act and I grant the licence for a period of 1 year pursuant to s.104 of the Act.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 110 (2)

The following conditions are compulsory:

- (a) No Alcohol is to be sold on the premises on Good Friday, Easter Sunday, Christmas Day, or before 1pm on ANZAC Day to any person who is not present on the premises to dine.

Monday to Sunday 8.00am to 3.00am the following day.
- (c) Water will be freely available to customers on the premises while the premises are open for business.

- (a) the following steps must be taken to ensure that the provisions of the Act relating to the sale of alcohol to prohibited persons are observed:
 - Display of appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.
- (b) the following steps must be taken to ensure that the provisions of the Act relating to the management of the premises concerned are observed:

 - The licensee must implement and maintain the steps proposed in their host responsibility policy aimed at promoting the reasonable consumption of alcohol.
- (d) the whole of the premises is designated as supervised.

Other discretionary conditions- section 117.

1/ The applicant shall within 3 months of the granting of a licence complete a comprehensive staff training manual.

2/ The applicant shall within 3 months of the granting of a licence complete a comprehensive Alcohol Management Plan.

3/ The applicant shall within 3 months of the granting of a licence complete a Crime Prevention Through Environmental Design (CPTED) audit of the premises and also the immediate area surrounding the premises (100m radius). A report shall be compiled outlining the results of the audit.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr G B Buchanan

DECISION 'ON THE PAPERS'

This application relates to the holding of an event on Friday 27th November 2015.

The event is the Pakworld Christmas Social and it is expected to be attended by approximately 30 people. The premise is a bus, which will visit various licensed premises around north Canterbury.

Food will be served at one of the venues visited.

A waiver of the requirement to have a qualified manager to oversee the sale and supply of alcohol is sought. This is granted.

The responsible person will be the designated driver.

The Inspector has reported favourably in regard to the application.

No matters have been raised in opposition in any reports as required by section 141(1), accordingly I deal with the matter on the papers.

The "Party Bus" concept has been fraught with problems in the past and I have some reservations about granting a licence. The applicant applies for a number of licences, albeit they are usually for out of town wine trails and the like, and there have been no issues reported. The applicant should be aware that any issues that arise may influence the committee in any future applications.

I am satisfied as to the matters to which I must have regard as set out in s.142 of the Act and I grant the applicant a special licence pursuant to s.104 (1).

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues. Unlicensed sales can result in imprisonment for up to three months or a fine of \$40,000 (sec 233 (a) and (b) of the Act).

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions- section 147(3)

Liquor will only be sold on the following day and times.

Friday 27th November 2015 from 12.00pm to 3.00pm the same day.

Signage must be displayed stating (directly or by description) a place or places on the premises at which drinking water is freely available to customers while the event described is taking place.

Discretionary conditions – section 147(1)

- (a) The licence holder must display appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.
- (b) Food must be available for consumption on the premises as specified in the application.
- (c) Low-alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (d) Non-alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (e) The licensee must provide assistance with or information about alternative forms of transport from the premises as specified in the application.
- (f) Entry is restricted to invited guests only.
- (g) A copy of the licence together with signs showing the age restriction must be clearly displayed.
- (h) Age variation of passengers must be presented before departure by way of appropriate identification.
- (i) The driver may at any time prohibit the consumption of alcohol at his/her discretion.

The licence is also subject to the following conditions, which in the committee's opinion are not inconsistent with the Act:

Noise should be controlled so as not to disturb neighbouring residents.

The entire bus is designated as a Restricted Area.

IN THE MATTER

of the Sale of Liquor Act 1989.

AND

IN THE MATTER

of an application by **BBC WELLES LIMITED** for an OFF-Licence pursuant to s.99 of the Act in respect of premises situated at **40 Welles Street, Christchurch**, known as '**Bootleg BBQ Company**'.

BEFORE THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **BBC Welles Limited** for a new Off-Licence in respect of premises situated at **40 Welles Street, Christchurch**, known as '**Bootleg BBQ Company**'.

This is a new licence for a premise which has not previously held an off licence but is the holder of on-licence 60/ON/34/2015. A decision to grant the on-licence was made in March this year.

The application states that they intend to sell 'craft beer' in glass vessels and that the off licence is "purely for craft beer experimentation and additional sales of our exclusive beer range". "Off licence will allow us to sell takeaways of Good George tap beer to meet demand".

The application states, at section 5(c), that it trades as a "Restaurant & Bar (tavern)" and the Alcohol Licensing Inspector states in her report that the premises trades as a tavern.

It is proposed that off sales will take place across the bar.

No matters have been raised in opposition to the application in any reports as required by section 103, accordingly we deal with the matter on the papers.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

The owners of the company are hands on in the running of the business and have been involved in the industry for a number of years and are well known to the agencies.

The hours sought are 11.00am to 10.00pm Monday to Sunday.

The premises includes a bar area with leaners and at least 2 seated dining areas according to the plan. Three out of the four public areas on the plan have Drinking / Dining labels on them.

A supervised designation which starts at 9.00pm is sought. This is consistent with the on-licence.

The on-licence was granted with no designation until 9.00pm on the understanding that the predominant use of the premises before 9.00pm was as a restaurant.

In her report on the on-licence application the Alcohol Licensing Inspector stated "The applicant has stated that their main focus is food with alcohol being a complement (they intend to sell high quality craft beer). Of course patrons will be able to go to the premises for just a drink, however food will be promoted. There will be no live music and no dance floor".

In essence the Inspector has described a restaurant. Thus the premises being undesignated until 9.00pm was agreed to. This allows the premises to operate without having to exclude minors who are not accompanied by their parent or legal guardian until 9.00pm. A pragmatic approach by the committee.

Section 119(1) of the Act clearly sets out the requirement that a licensing committee must do when issuing an on-licence for a tavern or hotel.

119 Restricted and supervised areas

- (1) The licensing authority or licensing committee concerned must do one of the things described in subsection (3) when issuing an on-licence for a hotel or a tavern.
- (2) The licensing authority or licensing committee concerned may do one of the things described in subsection (3) when issuing a licence of any kind for any premises other than a hotel or a tavern.
- (3) The things referred to in subsections (1) and (2) are—
 - (a) designate all of the premises—
 - (i) an area to which minors must not be admitted; or
 - (ii) an area to which minors must not be admitted unless accompanied by a parent or guardian:
 - (b) designate a part (or any of 2 or more parts) of the premises an area to which minors must not be admitted:
 - (c) designate a part (or any of 2 or more parts) of the premises an area to which minors must not be admitted unless accompanied by a parent or guardian:

- (d) both—
- (i) designate a part (or any of 2 or more parts) of the premises an area to which minors must not be admitted; and
 - (ii) designate a part (or any of 2 or more parts) of the premises an area to which minors must not be admitted unless accompanied by a parent or guardian.

In other words if the premises is a tavern or a hotel the licensing committee **MUST** designate at least one part of the premises as either restricted or supervised.

Section 118 allows the licensing committee to apply conditions differently to different parts of the premises or apply conditions differently to the same part of the premises at different times, on different days, or both.

It is my view that this does not negate the requirement for a committee to follow the compulsory requirement of section 119.

This is important in this case as the on-licence was issued on the understanding that the premises traded predominantly as a restaurant up until 9.00pm. This seemed a pragmatic approach to the issue of premises who hold a tavern style but trade during the day as a restaurant.

Restaurants are excluded from holding an off-licence.

To allow a tavern with an off-licence to be undesignated at the point of sale, in my view, is a step too far. The Act is clear in its intentions, Taverns are a place where the principal business is the sale of alcohol and they must have a designation for at least part of the premises.

I have formed the view that the premises will have a designation and that it shall be supervised for the bar area. This will mean the area immediately in front of the bar shall have a supervised designation at all times the premises is trading. This is a standard condition on some tavern licences. This means the committee has complied with section 119(1) of the Act.

When evaluating the application, as previously mentioned, I have come to the view that the premises trades as a restaurant until 9.00pm. To allow a full off-licence to operate across the bar would be counter to the intentions of the Act.

The applicant stated in his application at 6(c) that he intends to sell only craft beers. The Licensing Inspector states in her report that the licence is for “riggers of craft beer, unavailable widely, to be sold across the bar”.

When assessing if any restrictions or conditions should be placed on the licence I have taken into account the comments of the applicant and the Inspector as well as the area in which the premises is situated.

The premises is located in an inner city street. In the on licence application report the Inspector stated that “There are no other premises in the immediate vicinity that have

a negative impact on the good order and amenity". In her report for this application she has stated that "the corridor of premises on St Asaph Street have an impact on the good order and amenity of the area however this premises has not and the addition of the off-licence should not change this."

When one looks at a map of the area the corridor that the Inspector refers to in her second report is one block away. There are at least 11 other licensed premises in the area according to the applicant's comments in the application. There are a number of empty building sites still in the area where buildings have been demolished due to the Christchurch Earthquake.

The applicant was asked whether they would agree to a condition restricting the sale of alcohol across the bar to craft beers only. The response was that they do not wish to have a condition on the licence restricting the sale of alcohol to craft beers only.

It is my view that a precautionary approach is required. I have detailed my thoughts regarding the designating a part of the premises as supervised, the bar area. This is because the premises trades predominantly as a restaurant up until 9.00pm.

In regards to the type of alcohol to be sold, both the Inspector and the applicant have clearly stated that the applicant seeks the off-licence so they can sell craft beer across the bar. Restricting the licence to this type of alcohol does not prejudice the intended operation.

To grant a full off-licence in a premise that is predominantly a restaurant during the trading hours sought is sending a message that restaurants will be granted full off-licences just because they have a tavern style licence. This is contrary to the intentions of the Act.

The area surrounding the premises has issues, as detailed in the Inspectors report. There are 11 other licensed premises in close proximity and areas of empty sections due to earthquake damage.

Given I intend to adopt a precautionary approach when granting this licence I intend to use section 117 of the Act which allows a licensing committee the authority to issue a license subject to any reasonable conditions not inconsistent with the Act.

Limiting the sale of alcohol to craft beer only, which is what the applicant has stated he intends to sell, is not unreasonable and clearly follows the intent of the Act as set out in the object, at section 4.

The applicant can seek a variation at the first renewal if they wish and the matter can again be weighed by a licensing committee.

I am satisfied as to the matters to which I must have regard as set out in s.105 and 106 of the Act and the licence is granted for a period of 1 year pursuant to s.104.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory Conditions – section 116(2)

The following conditions are compulsory:

- (a) No Liquor may be sold or delivered on Good Friday, Easter Sunday, Christmas Day or before 1pm on ANZAC Day.

IN THE MATTER

of an application by **CHARMING LAND NZ LIMITED** for an OFF-Licence pursuant to s.99 of the Act in respect of premises situated at **Shop 1B, 376 Riccarton Road, Christchurch**, known as **'Charming Souvenir'**.

BEFORE THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Charming Land NZ Limited** for a new Off-Licence in respect of premises situated at **Shop 1B, 376 Riccarton Road, Christchurch**, known as **'Charming Souvenir'**.

This is a new licence for a premise which has not previously been licenced.

The premises trades as a gift / souvenir shop and seeks a complementary style licence pursuant to section 35(1)(b) of the Act. The applicant states that they will only stock "high quality NZ wines not found in supermarkets. It also appears from the application that they intend to sell craft beer as well.

The premises is located in a small mall type shopping arcade in an area known as 'Church Corner'. There are a number of Asian restaurants and cafes in the area.

No matters have been raised in opposition to the application in any reports as required by section 103, accordingly I deal with the matter on the papers.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

Mr David Yu, who is the sole director and one of two shareholders, will be hands on operating the business and has applied for his manager's certificate. He intends to employ other qualified staff to help manage the store.

The Inspector reports that three people have completed their LCQ qualification course and are awaiting manager interviews. One qualified manager has been appointed already.

From reading the Inspectors report there appears to be no one involved with the running of the business who has experience selling alcohol. Mr Yu has experience in a video store where age restrictions were applied.

I am of a mind to grant the application but place a condition on the licence using my discretion under section 117 of the Act. The condition shall be that the licence shall restrict the sale of products to New Zealand wine and Craft beer only.

I believe this is reasonable given the lack of experience of the applicant, the type of premises that it is and it follows the principles of the Act. The applicant is not prejudiced as the application clearly states that they intend to sell only these products in any event.

The Inspector has no concerns regarding the good order and amenity of the area if the licence is granted given that it trades as a gift / souvenir shop only.

I am are satisfied as to the matters to which I must have regard as set out in s.105 and 106 of the Act and the licence is granted for a period of 1 year pursuant to s.104.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory Conditions – section 116(2)

The following conditions are compulsory:

- (a) No Liquor may be sold or delivered on Good Friday, Easter Sunday, Christmas Day or before 1pm on ANZAC Day.
- (b) Liquor may only be sold or delivered on the following days and during the following hours

Monday to Sunday 10.00am to 10.00pm

- (c) Signage must be displayed stating (directly or by description) a place or places on the premises at which drinking water is freely available to customers, while alcohol is being supplied free as a sample on the premises.

Discretionary Conditions – section 116(1)

(a) the following steps must be taken to ensure that the provisions of the Act relating to the sale of alcohol to prohibited persons are observed:

- Display of appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.

(b) the following steps must be taken to ensure that the provisions of the Act relating to the management of the premises concerned are observed:

- Alcohol must only be sold, supplied and consumed within the area marked on the plan submitted with the application.

(c) The licence shall be restricted to the sale of New Zealand Wines and Craft beer only.

IN THE MATTER

of the Sale of Liquor Act 1989.

AND

IN THE MATTER

of an application by **ARMAAN DEV ENTERPRISES LIMITED** for an OFF-Licence pursuant to s.99 of the Act in respect of premises situated at **808 Mani North Road, Christchurch**, known as '**Belfast Super Liquor**'.

BEFORE THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Armaan Dev Enterprises Limited** for a new Off-Licence in respect of premises situated at **808 Main North Road, Christchurch**, known as '**Belfast Super Liquor**'.

This is a new licence for a premise which has traded as a bottle store for many years. The business was sold and has been operating under a Temporary Authority.

No matters have been raised in opposition to the application in any reports as required by section 103, accordingly we deal with the matter on the papers.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

The applicant seeks conditions consistent with the original licence.

Mr Amit Gulati, a director and shareholder of the applicant company has experience in the hospitality industry and currently holds an alcohol licence for a restaurant. He has also worked at an off licence for three years previous to this. Experienced staff have been employed.

A waiver is sought under section 208 of the Act in relation to certain prescribed timelines not being met. The first public notice was published outside the prescribed period in the Act. This seems to have occurred due to miscommunication. The error does not appear to be wilful and no potential objector prejudiced. The waiver is granted.

I am satisfied as to the matters to which I must have regard as set out in s.105 and 106 of the Act and the licence is granted for a period of 1 year pursuant to s.104.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory Conditions – section 116(2)

The following conditions are compulsory:

- (a) No Liquor may be sold or delivered on Good Friday, Easter Sunday, Christmas Day or before 1pm on ANZAC Day.
- (b) Liquor may only be sold or delivered on the following days and during the following hours

Monday to Sunday 9.00am to 11.00pm

- (c) Signage must be displayed stating (directly or by description) a place or places on the premises at which drinking water is freely available to customers, while alcohol is being supplied free as a sample on the premises.

Discretionary Conditions – section 116(1)

(a) the following steps must be taken to ensure that the provisions of the Act relating to the sale of alcohol to prohibited persons are observed:

- Display of appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.

(b) the following steps must be taken to ensure that the provisions of the Act relating to the management of the premises concerned are observed:

- Alcohol must only be sold, supplied and consumed within the area marked on the plan submitted with the application.

(c) the whole of the premises is designated Supervised.

Other restrictions and requirements

DECISION ON THE PAPERS

This is an application by **East Trading Investment Limited** for the renewal, with variation, of the On-Licence in respect of premises situated at **18 Marshland Road, Christchurch** known as '**Gas Monkey**'.

The general nature of the premise is that of a restaurant / tavern.

The variation relates to the licensing of an extension of the premises to include an area in the front of the premises for dining. The Inspector confirms in her report that the area is the same as detailed in the plan attached to the application and the area is also well defined.

An extension to the current hours is also sought to allow a further one hour trading in the morning. Trading would start at 8.00am instead of 9.00am.

A further change to the designation is sought so that the premises can trade as a restaurant during the day and evening and then trade as a tavern after 10.00pm.

The Inspector recommends this change in designation as it better reflects the nature of the business. This trading style is more and more common and the committee acknowledges that this approach may not be technically correct if sections 118 and 119 are read together. The approach is however pragmatic.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

No matters have been raised in opposition in any reports as required by section 129 accordingly I deal with the matter on the papers.

A waiver is sought due to the late lodgement of the renewal application and also for errors in the wording of the public notices. These appear not to be wilful and any potential objectors would not be prejudiced. The public notice attached to the premises was correct.

The premises is reported to have traded without issue since its last renewal.

A menu and Host Responsibility Policy were included on the file.

The applicant is reminded of the revised conditions that now applies to on-licenses under section 47(3) restriction of trading hours for on-licences, for the sale and supply of alcohol on ANZAC Day morning, Good Friday, Easter Sunday, and Christmas Day.

I am satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and the renewal is granted for a period of 3 years pursuant to s.130.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).
