4. Sample Selection 2
5. Response Rate 5
6. Reliability of the Survey Estimates 6
7. Questionnaire 7
1. **Introduction**

2. **Objectives**

The objectives of the survey were:

To provide statistically reliable measures of the views of Christchurch residents on a range of services and facilities provided by Christchurch City Council.

The survey has been designed to produce statistical indicators which will provide measures of performance as set down in the Council’s performance indicators for specified service delivery areas.

The statistical indicators combined with additional factors will aid Council decision making and policy formulation, and help to determine proprieties for resource allocation.

3. **Survey Coverage and Methodology**

The population surveyed was a representative sample of Christchurch residents aged 18 years and over, in households with access to a telephone.

The survey methodology in 2005 was a telephone methodology whereas the methodology for past surveys was a door to door methodology. Due to the change in methodology, the data of this survey would not be compared with previous surveys.

Interviewing took place between 21 February – 15 March 2005 and the approximate interview length was 30 minutes.

4. **Sample Selection**

The sample was selected using stratified random sampling techniques.

The sample was selected from randomly generated telephone numbers for each of the six Christchurch City Wards.

The sample of each ward was stratified to reflect of age and gender proportions found within each (based on information provided by Statistics New Zealand which was taken from the 2001 Census).

One eligible respondent was selected from each household based on the youngest respondent in each household.
To ensure the survey has an accuracy of 3% at the 90% confidence level, a sample size of 750 was interviewed.

The following table shows the total sample was representative in terms of age and gender according to the 2001 Census:

<table>
<thead>
<tr>

5. **Response Rate**

A total of 768 interviews were completed and the response rate was 46%.

TOTAL NUMBERS DRAWN FROM THE SAMPLE: 3995
Ineligible respondents: 843
Non contacts: 891
Refusals: 911
Disconnected numbers: 538
Unable to participate: 44
Contacts: 768

**Note:**

If a respondent did not meet the scope and coverage defined in the survey, they were classified as ineligible respondents.

If a household could not be contacted (three call back attempts i.e. a minimum of four call attempts were made to each selected household prior to replacement) they were classified as non contacts.

If respondents were unwilling to participate they were classified as refusals, there was no distinction made between those eligible or not eligible to participate among this group.

Those unable to participate due to language barriers/ illness were classified as unable to participate.

Response rate = \[
\frac{\text{eligible respondents (768)}}{\text{eligible respondents + refusals (1679)}}
\]
6. Reliability of the Survey Estimates

The following steps were taken to ensure the reliability and validity of the information obtained from the survey:

- The questionnaire was piloted (pre-tested) prior to commencement of interviewing (n = 20 were piloted), to ensure that problems with the intended survey questions were rectified prior to conducting the main survey study, to maximise the reliability and validity of the resulting survey data.

- The interviewers were thoroughly briefed prior to commencement of the survey, the briefing covered the following areas:
  - Background to the research;
  - Sampling methodology and application;
  - Questionnaire administration and completion;
  - Project quality control requirements; and
  - Interviewer time schedule requirements.

- A ten percent audit of each interviewer’s work was undertaken by the Research Supervisors to ensure the work was undertaken in accordance with instructions and achieved desired quality standards.

- A ten percent audit of the questionnaires entered was undertaken for accuracy. During the data cleaning process, which is a quality control process undertaken prior to any audit or production of data tables, four data entry errors were found resulting in an error rate of 0.00001%. The four errors were corrected and thus the results of the audit (of 10% of the surveys) proved data entry to be 100% correct. The analysis in the report was peer reviewed and all figures checked for accuracy.

- The sample was stratified to ensure to correct proportions of age and gender were represented the survey within each ward to ensure it was free of gender, age and geographic area bias.

- The telephone numbers were randomly generated from a list provided by Telecom.

- To ensure the sample was not over-represented by people who tended to stay at home, interviewing was conducted in the weekday evenings and at the weekend.

- To reduce non-response bias, at least three call back attempts (i.e., a minimum of four call attempts) were made to each selected household prior to replacement. These call backs will be made at different times of the day and on different days of the week. In households where the eligible respondent refused or was unavailable, the household and respondent was replaced.
7. Questionnaire

Q1 In the last 12 months, how many times have you visited the Christchurch Art Gallery?
not at all
one or two times
three or four times
five or more times
don’t know

Q2 During the past 12 months, how often have you visited the Central City for purposes other than work (either paid or unpaid)?
haven’t visited the central city other than for work
once a week or more
once a month or more
once every three months or more
less often than that

Q3 When you visited the central city other than for work, have you tried to find a parking space, either on the street or in a parking building?
yes
no
don’t know

Q4 How satisfied or dissatisfied were you with the availability and convenience of parking spaces, either on or off the street?
very satisfied
quite satisfied
neither satisfied nor dissatisfied
quite dissatisfied
very dissatisfied
don’t know

Q5 How satisfied or dissatisfied are you that traffic in Christchurch moves smoothly and safely?
very satisfied
quite satisfied
neither satisfied nor dissatisfied
quite dissatisfied
very dissatisfied
don’t know
Q6 The price of a Council black rubbish bag is $1.00. For this price, the Council supplies the bag, collects it when full, and disposes of it in the landfill. At $1.00 per bag, do you consider this is good value or poor value for money?

very good
quite good
neither good nor poor
quite poor
very poor
don’t know

Q7 The Council provides each household with a green crate for recyclable rubbish. How good or bad do you think this collection service is?

very good
quite good
neither good nor bad
quite bad
very bad
don’t know
Q8 The average rates per year on a property in Christchurch is $1,060. The average ratepayer pays an amount each year towards the upkeep of certain amenities in Christchurch. We are going to read out a selection of amenities with the amount spent on them. Of that $1,060 received READ OUT AMOUNT is spent on READ OUT STATEMENT. What sort of value for money do you think Christchurch as a whole gets from that.

Q9 Are you on the city’s water supply?

- yes
- no
- don’t know

Q10 Thinking about the water that is supplied to this household, how satisfied or dissatisfied are you...?

- very satisfied
- quite satisfied
- neither nor
- quite dissatisfied
- very dissatisfied
- (don't know)

- with its quality and taste?
- with its appearance?
- with the pressure and flow?
- the reliability of the supply?
Q11 Please tell me whether you agree or disagree with these statements?

<table>
<thead>
<tr>
<th>agree strongly</th>
<th>agree slightly</th>
<th>neither agree nor disagree</th>
<th>disagree slightly</th>
<th>disagree strongly</th>
<th>(don't know)</th>
</tr>
</thead>
</table>

its **important** to feel a sense of community with people in my local neighbourhood

I **feel** a sense of community with others in my local neighbourhood – for example, share interests and concerns with them

Q12 Currently how satisfied are you with your access to leisure and recreation opportunities, e.g. beaches, clubs, sports, cafés, galleries and other leisure activities?

<table>
<thead>
<tr>
<th>very satisfied</th>
<th>quite satisfied</th>
<th>neither satisfied nor dissatisfied</th>
<th>quite dissatisfied</th>
<th>very dissatisfied</th>
<th>don’t know</th>
</tr>
</thead>
</table>

Q13 Which Council swimming pools have you been to in the last 12 months – either to swim, watch or use any of the other facilities at the pool?

- Belfast Pool
- Centennial Leisure Centre
- Edgeware Pool
- Halswell Aquatic Centre
- Jellie Park Aqualand
- Papanui Pool
- Pioneer Leisure Centre
- QE II Pools
- Sockburn Pool
- Templeton Pool
- Waltham Lido Pool
- Wharenui Pool
- Woolston Pool
- other
- can’t remember

Q14 Are you a **member** of a sports club or organisation? CODE ONE ONLY.

| yes ............................................1 | no .............................................2 | don’t know .................3 |

Q15 In the last 12 months, how many times have you taken part in, or trained for, any physically active sport or game or lesson run by a club or organisation? (whether or not you were a member of that organisation)

<table>
<thead>
<tr>
<th>not at all</th>
<th>once or twice</th>
<th>three or four times</th>

Q16 In the last **four weeks**, have you taken part in any physical activity or exercise?

<table>
<thead>
<tr>
<th>yes</th>
<th>no</th>
<th>don’t know</th>
</tr>
</thead>
</table>
Q17 What was that exercise?

Q18 Which Council stadiums have you been to in the past 12 months – either to watch or take part in any sport, performance or event?

Cowles Stadium          Porritt Park
Cuthberts Green Soft ball Complex   QE II Stadium
Denton Oval             Westpac Trust Sport & Entertainment Centre
English Park           other (SPECIFY)
Jade Stadium
Pioneer Leisure Centre   can’t remember

Q19 How many times have you attended a performance or event at the Town Hall in the last 12 months?

not at all
once or twice
three or four times
five or more times
don’t know

Q20 How many times have you attended a performance or event at the Westpac Trust Centre in the past 12 months?

not at all
once or twice
three or four times
five or more times
don’t know

Q21 Please state whether you agree or disagree with the following statement: “Events and festivals contribute to the enjoyment of living in Christchurch.”

agree strongly
agree slightly
neither agree nor disagree
disagree slightly
disagree strongly
don’t know
Q22 Have you attended any of the following events and festivals in the last 12 months?

- yes
- no

- the summertimes classical sparks concert
- other summertimes festivals events
- festival of flowers and romance
- world buskers festiva
- Showtime Canterbury (show week)
- Coca Cola Christmas in the park

Q23 Do you know of any residential building alterations, extensions, or new developments including new sub divisions that have been completed in your area in the past 12 months?

- yes
- no
- don’t know

Q24 Thinking about the developments which have now been completed, do you think that overall those developments have made your area…

- much better
- slightly better
- no different
- slightly worse
- much worse
- don’t know

Q25 How many times have you visited the Botanic Gardens in the last 12 months?

- not at all
- once or twice
- three or four times
- five or more times
- don’t know

Q26 How satisfied or dissatisfied are you with the spring and summer floral displays and plantings around Christchurch?

- very satisfied
- quite satisfied
- neither satisfied nor dissatisfied
- quite dissatisfied
- very dissatisfied
- don’t know
Q27  How satisfied or dissatisfied are you that the street landscapes in Christchurch are well maintained?

very satisfied
quite satisfied
neither satisfied nor dissatisfied
quite dissatisfied
very dissatisfied
don’t know

Q28  The Council seeks to provide a range of parks suitable for a wide number of uses. How satisfied or dissatisfied are you that our parks can be used for…

<table>
<thead>
<tr>
<th>very satisfied</th>
<th>quite satisfied</th>
<th>neither</th>

sport run by a club or organisation
for casual games among friends
for picnics
for enjoying flowers
for exercising dogs
for quiet enjoyment
for children’s play
for families wanting to enjoy themselves together
for walking and jogging
for cycling
for enjoying natural areas and native plants and wildlife
enjoyment of the park without dog

Overall, how satisfied or dissatisfied are you that the city’s parks and open spaces are well looked after

Q29  Are there any children aged 10 or under living in your household?

yes
no
don’t know
Q30 How often have you taken any of these children to a Council playground in the past 12 months?

- not at all
- one or two times
- three or four times
- five or more times
- don’t know

Q31 Thinking of the parks in Christchurch, overall how safe or unsafe do you think they are to use during the day time?

- very safe
- quite safe
- neither safe nor unsafe
- quite unsafe
- very unsafe
- don’t know

Q32 Christchurch has a number of waterways and wetlands. Overall, how well do you think these waterways and wetlands are looked after?

- very well looked after
- quite well looked after
- neither well nor poorly looked after
- quite poorly looked after
- very poorly looked after
- don’t know

Q33 How often have you visited any of the Christchurch City Council public libraries in the last 12 months?

- not at all
- one or two times
- three or four times
- five or more times
- don’t know

Q34 Thinking about using your Council library in the last 12 months, how satisfied or dissatisfied are you with…

<table>
