

## APPLIES TO

All parties proposing to undertake activities that vary the normal operating condition of the road between 7 and 15 November 2020.

## PURPOSE

Provide guidance as to Cup week restrictions within Christchurch Transport Operations Centre boundaries for the Cup week 2020 period

## Cup Week 2020 Restrictions

Cup Week is expected to place significant transport pressure on some Venue areas in Christchurch between Sat 7th and Sun 15th November.

We are therefore aiming to minimise disruption on venue areas during this period.

Please refer to the maps attached.

**Project Managers, Engineers and STMS's: Please ensure that all works restricting traffic flow, car-parking, or pedestrian access in the highlighted areas are completed, and temporary traffic management is uplifted from the roads wherever practicable by 3:30pm Friday 6<sup>th</sup> November.**

If not practicable to fully uplift the TTM, impacts must be minimised as much as possible.

Activities that do not impact on traffic flow, car-parking, or pedestrian access are not restricted, and normal traffic management may recommence in these areas from 1am Monday 16<sup>th</sup> November.

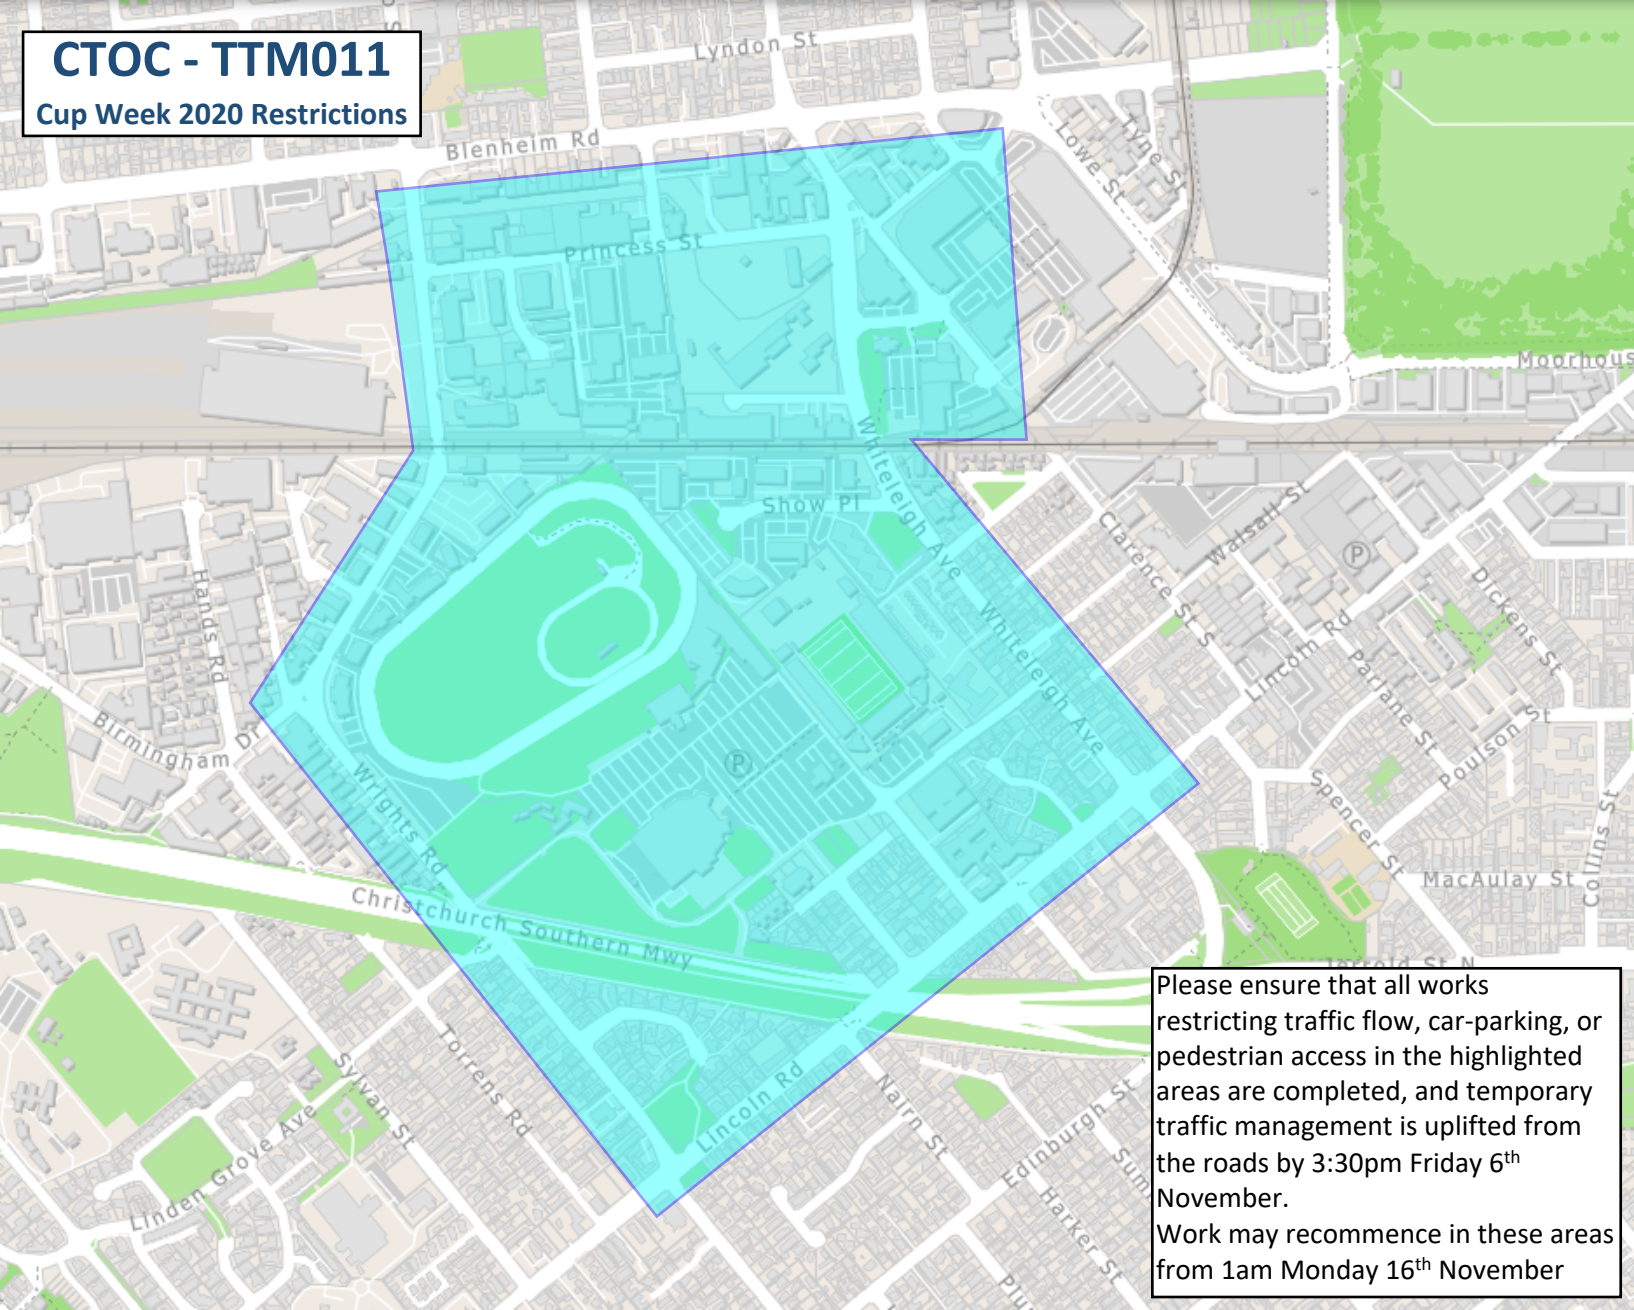

TMPs that enable works of strategic importance will be considered on an exception basis during this period. Please contact a TMC to discuss project details by 5pm Fri 23rd October if you wish to seek exemptions.

Thank you in advance for your assistance in making Cup Week 2020 an enjoyable experience for our customers on the roads.
